

# SEX-TOURISM

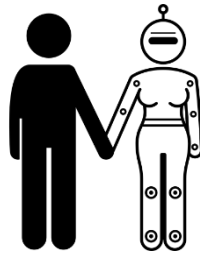

## Why?

Sex tourism refers to travel for the purpose of engaging in sexual activities, usually with prostitutes or sex workers.

This type of tourism can have negative effects on the local community, including exploitation of vulnerable individuals, the spread of sexually transmitted infections, and the perpetuation of a culture of objectification and commodification of human beings.

## Advantages

- Economic benefits
- Satisfaction
- Safe for locals
- Experience of new cultures
- Helpful for shy people

## Disadvantages

- Objectification of women
- Abuse of women
- Potential legal consequences
- Exploitation of people
